Dear Parents/Carers,

As you are aware, more work has been uploaded to the school website for pupils. This work is not compulsory over the Easter holidays; you should not feel like you need to work through it all or keep to any kind of structure or timetable. During these unprecedented times, it is important that your child is happy, active and safe. These are the priorities of all of us. You should not worry that your child will fall behind, nor that if you do not do all of the work this will have any negative impact upon your child.

It is so important that, as parents and carers, you do not feel pressure to teach your children. Life is challenging enough as it is at the moment without us feeling like we have to become both parent and teacher at home. Work through the packs at your own pace – please choose activities from the work provided that you and your child feel confident with and that you feel you would enjoy. There is no obligation to complete it all. Read with your children, talk to them and above all else keep happy and safe. We are very much looking forward to welcoming you all back as soon as schools open again.

Yours faithfully

Ian Hyde
Headteacher
