Rising Stars Newsletter - Friday 6 November 2020

Welcome back, we hope you had a restful half term. Our topic this term is Rising Stars in Transport! We will be looking at all the different modes of transport and how transport has changed over time. We are making our very own ticket office in our classroom.

English: We have been reading "You can't take an Elephant on the Bus" this week and have been doing lots of work on rhyming words and adjectives. We have been making word banks ready for when we write our own page of the story next week. We will be exploring lots of different texts about transport throughout the half term.

Maths: The children will continue to build their knowledge of place value by beginning to learn some new methods for addition and subtraction. They will initially be doing this using deines, bead strings and place value charts before moving on to using other mental or written methods.

PSHCE: In PSHE we will continue to play lots of turn taking games and learning how to work as a team.
Art: We will be doing lots of artwork based around our Transport topic as well as starting a weaving project.

Just a few reminders....

- Children's books are changed on Fridays. Please ensure your child brings their book bag and reading journal and book to school on this day.
- Homework will now be set on Seesaw. It is important that children continue to familiarise themselves with the learning platform. They can complete the worksheet online or use a paper copy and upload a picture of it on the app. If you need any help then please let us know.
- Please continue to read daily with your child at home.

Thank you for your continued support. We are excited about our learning this half term.

The Rising Stars Team.
