Dear parent/carer of Year 6 pupil,

## Y6 Workshop – 10<sup>th</sup> December 2020

We have really been enjoying our 'Pump it Up!' topic all about the circulatory system. We are now looking forward to our upcoming workshop on **Thursday 10<sup>th</sup> December**, where the children will have the opportunity to dissect a lamb's heart. We appreciate how much support there has been for this and know the children are very excited.

**There is a cost of £6.00 per child for this workshop.** This covers the cost all the materials used, personal protective equipment and the time and expertise of the workshop leaders.

Please make your payment on SIMs Pay / TRIPS or speak to the office if you need help with SIMs Pay. If you have opted out of the dissection, you do not need to pay and alternative arrangements will be made for the day.

On the same day, all children will also complete an Art activity related to the circulatory system. For this, children **need to bring in a plain white t-shirt**. These can be brought in sooner, but must be in by the 10<sup>th</sup>.

If you have any questions, please speak to your child's class teacher.

Kind regards,

The Year 6 Team

Headteacher: Ian Hyde  
Deputy Headteachers: Tara Magee and Kris Clark
