

Kelvin Grove Primary School

Year 1 Weekly Newsletter
Summer 1 Week 3

English

This week we have continued to work on the text 'Jack and the Beanstalk.' The children have written about what they would find if they climbed up a beanstalk and the items that they would take from the Giant. We have also planned and orally rehearsed our own adapted version of the traditional tale. We will use this to write our own stories next week.

Phonics

Please continue to practise phase 2, 3 and 5 sounds. This week we have introduced the following sounds:

This week have been concentrating on recapping the following sounds:

ai, ow, igh

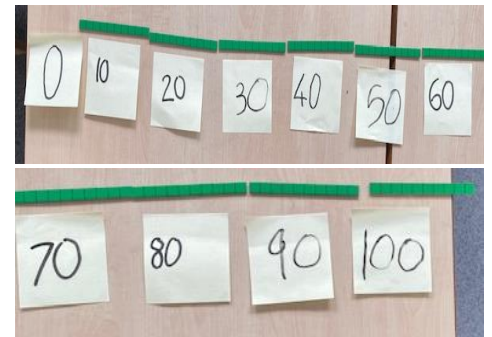

www.phonicsplay.co.uk

Username: kelvin
Password: grove

Tricky words are:
Mouse, Work

Math

In Moths, we have continued to consolidate our knowledge of multiples of 10. We have identified different representations of 10 and learnt how to count forwards and backwards in steps of 10. We have looked at the pattern and used this to fill in missing number problems. We also had the opportunity to make our very own number lines using dienes.

Math Notice:

Please could parents make sure that the children are practising their number skills on Mathematics as this reinforces what we have learnt in school.

Homework is usually set on a Friday evening and it is only due to be completed by the following Thursday.

PE

Thursday 12th May 2022

Reading

Please could you listen to your child read daily and also share as many stories with them. Please make sure books are in school on a Thursday so that they can be changed.
Thank you

Topic

This week we have continued to learn about our topic 'Let it Grow.' We have learnt that a seed needs five things in order to grow; water, soil, the right temperature, air and sunlight.

We have planted our very own bean seed by placing them on wet tissue so we can see germination. We will document what happens to our bean each week in our bean diary. We are very excited to see our beans grow.
