Feedback from classes:

Does the school have a football team?

Toilets – locks not working, smelly

Litter – could there be more bins or could bins be moved so that they are not close together and cover different parts of the playgrounds.

Water fountains – very cold in the winter and water

Water in classrooms – is it drinking water. In Y6 the drinking water is hot.

In some schools, they have a school pet, can we have a school dog or pet?

Eco warriors

Mrs Jupp came and spoke to both the school council and the eco warriors about the role and responsibilities of the eco warriors. Eco warriors will be helping maintain the cleanliness of the school grounds and ensuring that we have a healthy school environment

- Litter picking
- Monitoring lights, boards and computers and whether electrical items are left on unnecessarily
- Watering plants and ensuring plants are healthy and well looked after
-

Trees

Hopefully you have noticed the new trees on Kirdkale. I chose these carefully according to their size, colour and most importantly, carbon capture. There 4 new trees on the corner of Fransfield Grove and Kirkdale. We will be asking the school community and local businesses to help us look after the trees.

Winter orange

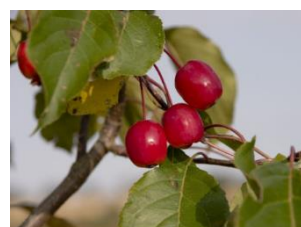

Upright Tulip Tree

Yellow Magnolia

Rudolph Crab apple

Traffic

Year 5 carried out a series of observations on traffic. We also carried a traffic count together. Children have been given tally charts to complete. Please time one minute and record how many vehicle go past.

| Day | time | cars | lorries | other |
|----------|------|------|---------|---------|
| Friday | 1.45 | 10 | 2 | 1 bike |
| Thursday | 1 | 26 | 10 | |
| Tuesday | 9 | 41 | 8 | |
| Thursday | 8.55 | 18 | 2 | |
| Thursday | 2 | 23 | 3 | 2 bikes |

Birdwatch

We talked about the biodiversity of our school grounds and talked about different birds that we might see in our local area. Children were given birdwatch sheets. If they can complete these, we can send the data to the RSPB.
