English learning this week

This week we started our new 'We are palaeontologist' topic. The children have already shared their fantastic knowledge with us and we have been learning all about different dinosaurs.

Maths learning this week

We have been exploring composing and decomposing shapes. We have used our shape knowledge to create 'ruler art' the children have really enjoyed this.

Snapshots of our learning this week

Learning next week

Next half term our topic is 'We Are Palaeontologists!' We will be learning all about dinosaurs. In History we will be looking at past and present and the children will be looking at their own timelines. We would like you to upload a photo of your child as a baby on Tapestry to help us with our learning. Thank you.

Parent Reading Sessions

Due to a change to our timetable and the transition into Year 1, we will not be holding any parent reading sessions next half term. However we are planning to have other opportunities for you to come into school and to share with your child's learning.

Reading at home!

In reception we currently read with the children on **Wednesday, Thursday and Friday** with an adult in class. The same book will be sent home for you to read with your child on **Friday**. There are tips and instructions in the front and the back of the book to help you support your child with their reading.

If your child has been absent on one of their reading days they might need a little bit of extra support at home.

We will ask for them to be handed back in on the following **Wednesday with the book**, in the **plastic wallet**,

Summer Weather!

As the weather is getting warmer please ensure your child is ready for the hot school day.

A summer hat

Sun cream (we cannot apply this for the children, however they can bring it in a jar and apply it themselves during the day)

A bottle of water (with their name on)

A jumper that clearly has their name on. Summer is prime time for losing jumpers!

Forest school Summer 2

Clothing for forest school

During the warmer weather it is preferable that the children wear their own long-sleeved t-shirt on their forest school day. This means they will not have to wear a warm waterproof jacket and their arms are still protected.
