Reception Weekly Newsletter

Monday 25th March 2024

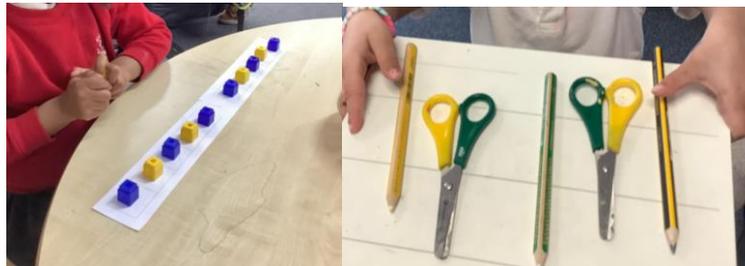

English learning

We have had an amazing few weeks. We had read and innovated the story of 'The Enormous Turnip' using different characters and language to describe the vegetables. We focused a lot of vocabulary and the children generated some brilliant language to include in their writing.

This week we have focused on the book 'Yucky Worms' and have found out lots of facts and information about worms. Did you know worms have 5 pairs of hearts?

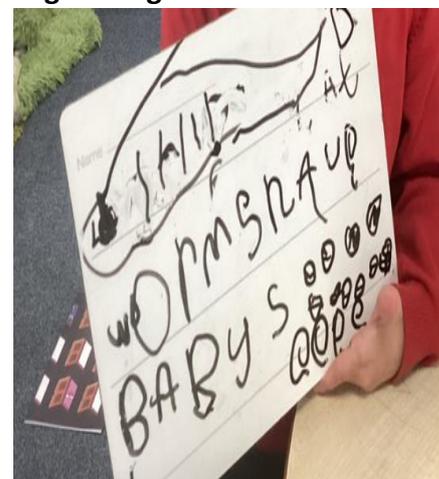

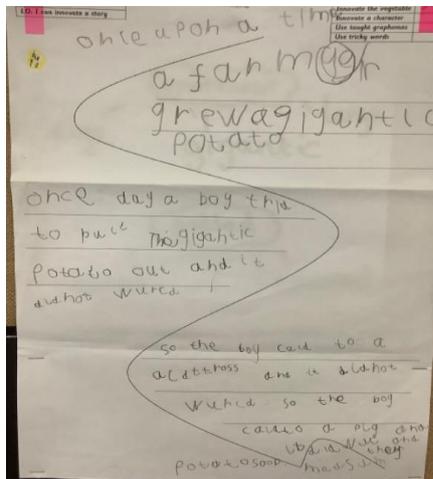

Maths learning this week

We have used different strategies to explore simple repeating patterns. We used our bodies, objects and printing to deepen our understanding. Next week we will be exploring complex patterns.

Our Amazing writing!

We have had a great time learning all about worms, going on worm hunts and finding out what makes a lovely habitat for worms.

Dates to look out for.

Week beginning 25th March 2024 – Parents evening is this week. Please make sure you have booked your time slot. **Summer 1 Class trip to the Horniman Museum**

As part of our topic 'We are environmentalists' we will be going to the Horniman's museum and taking part in a workshop 'Seas, Ponds and Rivers'

Magenta class – 15th April 2024

Cerise class – 16th April 2024

Orchid class – 17th April 2024

Children will be walking to the museum so please ensure they have sensible shoes on. It would be great if your child's packed lunch was in a rucksack or labelled carrier bag.

We loved the last stay and read so much.

Wednesday 15th May 2024

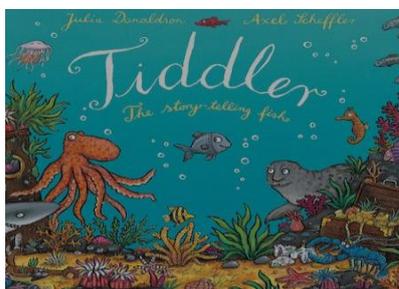

Drop off until 09.15 am

Next half terms learning - We Are Environmentalists!

We will be launching our topic with our trip to the Horniman Museum to explore 'Lands, Seas, Rivers and ponds'. This will be a great introduction for the children to think the environment. We will be starting 'local' and then going 'global' with our understanding of this topic.

We will be reading 'The Big Book of Blue' 'Somebody Swallowed Stanley' and 'Tiddler'.

Website of the week!

We often use 'Busy things' website in class to support our learning. There are great games and activities you can do at home.
