

Kelvin Grove Primary School

Reception Weekly Newsletter

Friday 10th January 2025

Learning this week.

We have settled well back into school life and the children have enjoyed sharing their holiday news with us. In maths we have consolidating our understanding of subitizing.

We have started learning our phase 3 phonic sounds. It would be great if you could practise reading and writing these at home.

Reception needs a superhero like you!

In week 3 and 4 we will be reading 'A Superhero Like you' By Dr Ranj. We need superheroes like you to come and speak to the children. If you have a job or skill that you use to help people we would love it if you could spare half an hour to tell the children all about what you do.

In the past we have had police officers, vets, supermarket workers and dentists visit and tell us how they help people. We would love to have a range of people and professions to share with the children.

If you are able to help please speak to your child's class teacher.

Notices for next week

- We will be reading 'Supertato' by Sue Hendra as a launch into our topic. We will be finding creative ways to stop the evil pea causing mischief at our school.
- Maths will explore numbers to 6 - 10
- **Junk modelling-** We will be making our own superhero vehicles over the next few weeks. If you have any old boxes, bottles or egg cartons we would be grateful if you could bring them in for us please.
